

I am again looking for 1-2 Allen College students interested in earning some extra income and gathering patient care experience to add to one's resume.

Below is a general job description that can be shared with faculty & students. The hours requested are Sunday night - Thursday night (12:15 am - 5:15 am). No weekends. Students would have time to work on homework or take a nap in between job responsibilities. I would be home during this time; it is my sleeping time as I do work during the day and have a daytime caregiver. Thank you.

Job description

Hands-on Care Needed For My Husband In Denver, IA
I'm looking for hands-on care for my husband in his 60s. I am looking for someone to come in overnight so I may sleep; responsibilities include: repositioning, changing briefs as needed, and medications/feeding (tube feeding). I can train interested people. Please be willing to do light housekeeping and laundry. If you are a student, you would have an opportunity to study in between tasks. My husband sleeps during this time, so personal care and feeding are most important. Preferences for a caregiver who is a non-smoker and comfortable with pets. Hours: Sunday night through Thursday night, 12:15 am - 5:15 am. No weekends and no holidays. Denver, Iowa. Starting date could be as early as Sunday night, January 12th.

If you are interested, please call Michele at 319-231-0420 or email me at cjsmms85@gmail.com.

Thank you.
Michele Steven
