Meeting admission criteria does not guarantee admission into the program. Allen College uses a holistic admission review. The process balances academic achievement, work experience, extra-curricular involvement, leadership, community service, diversity, as well as other applicable life experiences. Top applicants are accepted each term.

The Iowa Code (Chapter 147.3) states that conviction of certain felonies will make an individual ineligible for licensure. Previous conviction of a felony does not automatically bar an individual from eligibility for licensure. After completion of a nursing education program, the student will file an application for licensure with a state board of nursing. At that time, the board of nursing may review any felony convictions to determine eligibility for licensure.
